DATA PRIVACY INFORMATION

Responsibility

HamburgMusik gGmbH, Platz der Deutschen Einheit 4, 20457 Hamburg, and the Verein Freunde und Förderer des Hamburger Konservatoriums («Hamburger Konservatorium»), Sülldorfer Landstraße 196, 22589 Hamburg, are responsible for capturing and processing the data.

Data Provided Voluntarily

We only capture the data required for participation in the Publikumsorchester music project, in particular for the organisation and implementation.

However, the participant can decide for him-/herself whether or not to state his/her phone number. Failure to supply this information will not have any negative consequences, but it may make subsequent communication more difficult in individual cases, or result in delays. The Hamburger Konservatorium require a date of birth for the registration and for collecting membership fees.

Zwecke der Datenverarbeitung

We process the data you have supplied in the registration form for the purpose of organising and implementing the orchestral project.

Both cooperation partners will process the data. The data supplied during the registration process will be used by the cooperation partners for the selection of orchestral participants by the artistic director. In addition, the Hamburger Konservatorium processes the data for collecting membership fees and for managing membership. Furthermore, the data provided is required for the organisation of rehearsals and concerts as part of the orchestral project.

Recipients of Data

HamburgMusik gGmbH and the Hamburger Konservatorium will only pass on your data to third parties insofar as authorisation to do so has been granted (e.g. in accordance with the above-mentioned legal provisions). On this basis, data is transmitted to third parties who are directly involved in the organisation and implementation of the orchestral project.

We may also pass on your data to outside service providers (e.g. IT contractors, companies who destroy or archive data, printing firms) whom we commission to give us data processing support, subject to strict directives. No data processing will take place outside the EU or the EEA.

We will not sell your personal data to third parties, nor will we market them in any other way.
